

# Announcements

(1) No formal lecture today, just discussion

(2) Last HW is now up, due in > 2 weeks (May 7<sup>th</sup>), designed to teach you some extensions of the material in class

(3) Many of you have already met to discuss your project. If not (e.g. we've never had a 1-1 or discussed in office hours) now is the time to email me to set up a time

Even if we've discussed already,  
I'm happy to meet again!

(4) Remaining lectures will be on

Adversarial Robustness

More Generative Models

Deep Reinforcement Learning

(5) No lecture recording for today
