

TO: MSPM Distribution
FROM: Richard Gardner
SUBJECT: Abstracts Index
DATE: 11/07/69

Attached is the latest issue of the Index to System Module Abstracts, BS.0.01. The Index will be updated periodically.

For reference, the subsection breakdown of section BS. is as follows:

BS. System Module Abstracts
.0 Overview
.01 Index
.02 hcs_ entry points
.1 General Commands
.2 Language Processor Commands
.3 File System Commands
.4 Miscellaneous and Interim Commands
.5 I/O
.01 Outer Calls
.6 Traffic Controller
.7 System Service Routines
.8 Initialization and Shutdown
.9 File System: Page and Core Control
.10 File System: Segment and Directory Control
.11 File System: User Interface
.12 File System: Utility Routines
.13 Command Library
.14 Run-time Routines
.15 Math Library
.16 Miscellaneous Library
.17 Backup
.18 User Control
.19 Interprocess Communication
.20 Access Control
.21 Salvager
.22 Maintenance Tools
.99 Data Bases

Note that .10 - .12 differ from the version of the above list published as a cover letter to BS.0.

Published: 11/07/69
