Colonel G. Fernandez  
Deputy for Command and Management Systems  
Department of the Air Force  
Headquarters Electronic Systems Division  
L. G. Hanscom Field  
Bedford, Mass. 01730

Dear Colonel:

I received your letter of April 27, 1973 discussing Multics System Security Features. Your request to make a presentation about the evaluation which you have performed would appear to be a valuable activity. The only difficulty I see is perhaps one of scheduling but I will defer that question to Professor Saltzer since as Head of the Computer System Research Division he will be the one providing initiative in this area.

Sincerely,

F. J. Corbató  
Professor of Electrical Engineering
