My dear Mr. Walker:

This responds to your request for regular distribution of Project MAC reports and memos, made during your visit this Summer.

All our technical reports are sent to RADC:

Chief, Computer Sciences Central

Can these be made available to EMBIO?

Sincerely,

R. Joyce Harman
Assistant to the Director

No. Computer Sciences Central is a parallel branch in the organization responsible for the maintenance of hardware and standard software primarily a service function rather than R & D. They have never maintained the documents as a reference set and are not likely to do so. They disseminate them on a disorganized basis to their own people. I called Mrs. Harman on Sept. 28 and she indicated that they would not give multiple distribution and asked if we had a library. Our Librarian will be contacting her.
