Prof. Jerome H. Saltzer
Project MAC
Mass. Institute of Technology
545 Technology Square, Rm 519
Cambridge, MA 02139

Dear Prof. Saltzer:

Attached are copies of recent MITRE Multics Design Notes. These notes briefly discuss certain aspects of the ongoing design of a security kernel for Multics. Comments from you and others at Project MAC would be appreciated.

ROBERT W. O'KEEFE, Colonel, USAF
Director, Information Systems
Technology Applications Office
Deputy for Command & Management Systems
