O.S.P., Assistant Director
Room E19-767

Dear Joe:

Enclosed are two items for your information:

- 1) An advance copy of the continuation proposal we are submitting to Honeywell and their sponsors.
- 2) The current draft of the Statement of Work that Honeywell has prepared in response to the continuation proposal.

A request to officially process the continuation proposal will follow as soon as we have confirmed the details of the proposed budget.

I am sorry that this seems to be coming through so late, but HISI has insisted on having a negotiated statement of work in hand before they will accept our pricing proposal (DoD form 633), which we submit with our original proposals.

Sincerely yours,

Jerome H. Saltzer
