Dear Roger:

Enclosed is a draft of the research proposal we discussed in our telephone conversation on Tuesday, September 25. In review, this proposal concerns the activity currently labeled "Certification Research" in previous Project MAC proposals.

Please keep in mind that this is an advance draft copy, which has not yet been approved by M.I.T., and for which the preliminary budget figures have not yet been reviewed. One particular problem has come up since we talked: there may be some difficulty developing regarding the Project MAC 50% discount on computer time purchased at I.P.C. We do not yet know what to expect.

Please let me know if you have any comments on this draft.

Sincerely yours,

  
Jerome H. Saltzer
