

Conversation with Bill Price (ESD)

5/20/74

He has requested AF to pick up the Comp Sys account
as of May 30th bill (including May)

AF Contract # is F19628-72-C-0211

Amount is \$114k, remainder of \$286k is to come via ACS
May 1 / May 1

Source is AF, via AF/A

→ Must be spent by 6/30/74; Schell will try
to figure out how to
make it work.

For us

1. Put Schell on as Computer project admin
2. Write letter certifying that all Comp Sys work
is related to the AF/A proposal.
3. Request MIT to change Comp Sys to the new contract.
