

# TermiNet<sup>®</sup> 300

DATA-COMMUNICATION  
TERMINAL

## Price & Availability

### PRICES

<u>Type Number</u>	<u>Description</u>	<u>Monthly Use Charge</u>	<u>Sales Price Including Installation</u>	<u>Monthly Maint. Price</u>
	<u>BASIC UNIT</u>			Note 2
SRT301	Send-Receive Tele-printer with answer-back and up to 118 character print line	\$145	\$4115	\$21.00
	<u>OPTIONS</u>			
TRP300	Tape Reader and Punch (paper or Mylar tape) with desk. Note 1.	70	2235	11.00
PFP300	Pin Feed Platen for 12 27/32 inch wide paper. Note 1.	5	180	Time and Materials
HTF300	Horizontal Tab Feature Note 1.	6	190	1.00

Note 1: These are field addable options. They may be ordered with the SRT301 or may be added later. The "One-Time Charge" for these items is "0" when installed at the time the basic unit is installed. One \$25 "One-Time Charge" applied each time one or more options are added or deleted after initial installation. None of these items are to be sold or rented separately from the SRT301. They will be carried on the same contract as the SRT301.

Note 2: The basic monthly maintenance terms and conditions are as provided in appropriate GE Maintenance Agreements and amendments. These include designation of the locations where service for this device can be offered.

for General Electric Employees Only

## AVAILABILITY

The TermiNet 300 will be in short supply during 1970. First deliveries will be in the first quarter of 1970, or early second quarter.

Suggested concentration for 1970 deliveries:

1. Where the TermiNet 300 will assist in obtaining an order for new systems (GE-400, GE-600, DATANET\*-355, DATANET-500).
2. Where quantities required are fairly small. For example:

ISED's total allocation for the 1st half of 1970 is only 143 units; 2nd half, 289 units. ISD will have a similar allocation for its distribution.

Suggested concentration for 1971 deliveries:

1. Same as number 1 above, but in addition;
2. User prospects who want larger quantities.

Since large quantities will not be available until 1971 and later, refer all large quantity inquiries to Data Communications Sales in Phoenix. Dail Comm is 8\*433-5341.
