- not keen on 2 machine plan
 - expects Mills to underwrite Multics at M.I.T.
 - optimistic about DOD + ARPA market
pessimistic about MIT
 - free development time indefinite
 - vs. finite period dev. machine
-

Doesn't ^{seem to} see it in MAC interest to sell Multics

"\$100K underwriting of CTSS by MAC" - in a letter of Licklider to Mills
re CTSS takeover by students
