September 12, 1972

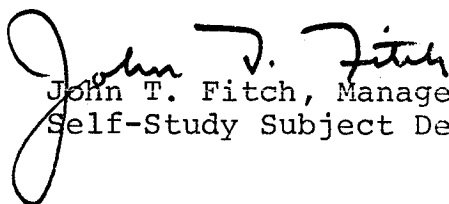

MEMO TO: Distribution  
FROM: John T. Fitch  
SUBJECT: Videotaping of Multics Demonstration

The schedule for rehearsing and videotaping the Multics demonstration is as follows:

2:30 p.m. Tuesday, September 19, 1972 - Rehearsal  
10:00 a.m. Friday, September 22, 1972 - Taping

Please note that starting times indicated are for full facilities rehearsal and actual taping respectively. Those with preparatory work should schedule their time accordingly.

Presently planned format calls for two half-hour programs. The first of these will begin with a short introduction by Prof. J. Saltzer. Mr. David Clark will then conduct the demonstration, assisted by a third person at the Datel console. At a suitable point, approximately midway in the demonstration, the first program will end and a second begin.
