Integrated  
Circuit

Prove it out  
Functionally

Wally Btran

Problem

Packaging

1. Room in MC

1. Change Memory → MC interface  
from 72 - 36 bits  
100 ns. but no slowdown.

2. Change circuitry for packing density & integrated

3. Give up.

~~MC~~

Want is non-standard and very hard to  
produce in time.
