

## WW7

- [1.] One theory that is no longer *tenable* is that humans are more intelligent than ants.
- [1.] One difficulty I would like to *transcend* is my inability to pinpoint irony.
- [1.] You must be *tenacious* in order to become President of your country.
- [1.] If I underwent a *transformation*, I would be sad to become a stranger to myself.
- [1.] People should *abstain* from imposing their silly views on people with other silly views: all views are equal(ly silly).
- [1.] I *inadvertently* went to class with my pajama, but nobody noticed.
- [1.] The most *perverse* thing someone could do is murdering a fly.
- [1.] People often try to *circumvent* lines for ticket sales by reserving online beforehand.
- [1.] A change I would like to see in the *status quo* is the end of the democratic myth.
- [1.] The college student felt *dejected* because he had no friends.
