Programming Staff Notes
Table of Contents

PSN-01 Programming Staff Notes, J.D. Hellwig
(very light ditto, mostly unreadable)

PSN-02 *Execution of a Chain of Commands*, Daley, Hellwig, Hastings

PSN-03 *Proposal for Putting the FMS Background System on the Disk*, Marjorie Daggett
(very light ditto, partially unreadable)

PSN-04 *BSS Loader for the 7094 - Establishing even location*, T. Hastings, M. Daggett, L. Pouzin

PSN-05 *Elimination of the use of a fence in command argument lists*, Corbato, Hellwig, Hastings
(very light ditto, mostly unreadable)

PSN-06 *Estimate of Time Required to Save or Restore a Full core User of Model 14 CTSS with 1301 Disk and 7320 Drum on the 7094*, R. Creasy, R. Daley

PSN-07 *Standardization of Disk Files for the Time-Sharing System*, T. Hastings, J.D. Hellwig, L. Pouzin
(very light ditto, partially unreadable)

PSN-08 *Specifications for Command Printf in Accordance with the Projected Standardization of File Names (Staff Note 7)*, T. Hastings, J. Hellwig

PSN-09 *Use of the Cal Comp Plotter and the IBM 1401*, Judy Spall
(very light ditto, partially unreadable)

PSN-10 *Specification of Request for a Listing File and of External Macro-definitions in the Fap Command*, Lyndalee Korn, Louis Pouzin

PSN-11 *Calibration Run on the 7090*, M.M. Daggett
(very light ditto, partially unreadable)

PSN-12 *Split, Combin commands for the Several File Formats; Sequence Fields in Card-Image Files*, Hastings, Pouzin, Hellwig

PSN-13 *Proposed Command for Loading Absolute Programs*, Joel Winett
(very light ditto, mostly unreadable)

PSN-14 *Diagnostic Programs for the 7094 CTSS Background*, Janet Allen
(very light ditto, partially unreadable)

PSN-15 *Compression and Expansion of Information for Disk Files*, Louis Pouzin

PSN-16 *Programming Style and Exposition*, F.J. Corbato

PSN-17 *Symbol Table Files*, T. Hastings, E. Fabry, L. Korn

PSN-18 *Reading and Writing the Disk*, Louis Pouzin

PSN-19 *Quit and Interrupt Condition: A Proposal*, R.J. Creasy, Stan Dunten

PSN-20 *Diagnostic Program for the 7094 CTSS Background*, Janet Allen

PSN-21 *Miscellaneous Programming Tools*, Louis Pouzin

PSN-22 *PRLST*, Dick Orenstein

PSN-23 *Proposal for a revised DITTO to replace MEMO, MODIFY and DITTO*, Jan Allen, Jessica Hellwig

PSN-24 *Brief Summary of the REVISE Command*, F.J. Corbató

PSN-25 *Unified control of enabled user traps, including memory protection and relocation*, J.H. Saltzer, T.N. Hastings, R.C. Daley

PSN-26 *Requirements of the FAPBUG Program*, T.N. Hastings

PSN-27 *Inter-Console Communication - Preliminary Specification*, Robert R. Fenichel

PSN-28 (missing)

PSN-29 *New Storage Algorithm for the 7320A High Speed Drum*, R.C. Daley

PSN-30 *Inter-program Communication*, Robert R. Fenichel

PSN-31 *Use of Attached Remote Consoles*, Robert R. Fenichel

PSN-32 *A CTSS Secondary Storage Back-up and File Retrieval Scheme*, M.J. Bailey, R.C. Daley

PSN-33 *Proposal for FIB Implementation*, G. Schroeder
PSN-34 *Disk Salvage Program*, S.D. Dunten, R.C. Daley
PSN-35 *Legacy of Fenichel*, R. Fenichel
PSN-36 *CTSS Tape of Contents*, P. Crisman
PSN-37 *An Approach to a Standard Error Procedure in Chains of Commands*, Louis Pouzin
PSN-38 *Internal Modifications to SAVE Command*, Molly Wagner
PSN-39 *Proposed Minimum System Documentation*, P. Crisman, G. Schroeder, L. Pouzin
PSN-40 *Experimental Addition to the RUNOFF Command*, J.H. Saltzer
PSN-41 *Retrieval, Bulk Input, Bulk Output*, D. Orenstein
PSN-42 *User Interface to the File I/O Systems*, R.C. Daley
PSN-43 *Proposal for Comments for Dynamic Resource Allocation*, G. Schroeder
PSN-44 *Bulk Input and Output*, P. Crisman
PSN-45 *Current State of Public Commands*, L. Odland
PSN-46 *Interim total dump and reload program for temporary use with new file system*, R.C. Daley
PSN-47A *Supervisor Calls to the I/O System, G. Schroeder*, M. Wagner, C. Garman
PSN-48 *Disk/Drum Setup Program*, G. Schroeder
PSN-49 *System Programming Security Measures*, J.H. Saltzer, R.R. Fenichel
PSN-50 *Proposed Changes to LOGIN and LOGOUT*, Judy Spall
PSN-51 *Proposed Changes to SCNDIR and STICKY for System Speed-Up*, G. Schroeder
PSN-52 *Proposal for Paging Disk Track Usage Tables*, C. Garman
PSN-53 *Maintenance and testing of CTSS software for 7094 computers at MAC and Computation Center*, D.R. Widrig, W.R. Bjerstedt
PSN-54 *Proposal for resource allocation and accounting system to be integrated with new LOGIN, described in PSN 50*, T.H. VanVleck
PSN-55 *What We Learned - Or Should Have Learned - From the Hardware Transient Hunt*, M. Padlipsky
PSN-56 *7094 Character Se*t, J.H. Saltzer
PSN-57A *7094 System Security Aid*, D.R. Widrig
PSN-58 *Proposed Change to CTSS Main Control, Allowing Creation of a Class of Restricted Users*, T.H. VanVleck
PSN-59 (untitled; describes "NAMES (memo)" listing MAC users), A.J. Saltalamacchia
PSN-60 *Proposal for File Removal by Inactivity When Operating the Daemon*, D.R. Widrig
PSN-61 *File System Modules and Internal Calling Sequences*, R.C. Daley, S. Dunten, C. Garman
PSN-62 *Contents of SAVED Files*, D.R. Widrig
PSN-63 *Current Restrictions to DAEMON Operation*, G.F. Clancy, D.R. Widrig
PSN-64 (untitled; tells programmers to use M1416 for system programs), Margaret E. Child
PSN-65 *Proposed Extension to CTSS LOGIN Command Logic*, J.H. Saltzer
PSN-66 *The Final Solution to FIB Implementation Problems*, Noel I. Morris
PSN-67 *FIB*, T.H. VanVleck
PSN-68 *A Full Character-Set Modification to the 1401*, R.G. Mills, A. Evans Jr., T.H. VanVleck
PSN-69 *Attachment of 2741 Typewriter Consoles to 7094 CTSS*, J.H. Saltzer
