 SUBJECT: Installation of MSS 21.5

The hardcore system, MSS 21.5, was installed at 20:15 on Sunday, December 2, 1973. This system merely reverted to the MSS 21.1 version of the Tape DIM. This was done because of label handling problems discovered in the recent version. The system libraries were updated at 13:05 on Monday, December 3, 1973.

#### I. System Change Log
