Subject: Installation of BOS 1.39

The BOS system 1.39 was updated at 11:30 AM on Tuesday, August 13, 1974. Change # 022, which added `abs.alm`, `absresolve.incl.alm`, `cache_print.incl.alm` and `get_cache.incl.alm`, added the `abs` command for use in analysis of absolute core and the cache memory. Change # 023, which replaced `dump.alm`, `ntape.alm`, `print.alm`, `restor.alm`, `setup.alm`, `bos_common.incl.alm` and `save_begin.incl.alm` and reassembled `save.alm`, modified the `restor` command to clear bad disk records, modified the `save` and `restor` commands to print transfer timing errors and fixed a number of minor bugs and problems.
