RFC Index

by Ginny Newcomb

No.	Title	Author	Published
81	RFC Index, #40 - #80	Sarner	6/16/75
82	Some Comments on the Procedure Call Protocol	Kanodia	6/17/75
83	S.M. Thesis Proposal: Improving Information Storage Reliability Using a Data Network	Benjamin	7/1/75
84	The Computer System Security Project	Schroeder	7/16/75
85	Two Algorithms for Process Synchronization without Software Locks	Kanodia	7/18/75
86	Annual Report: July, 1974 - June, 1975	Saltzer	7/21/75
87	Ph.D. Thesis Proposal: A Methodology for Designing Certifiably Secure Computer Systems	Feiertag	9/5/75
88	Position Note on New Directions for Operating Systems	Saltzer	10/14/75
89	A Note on Lipner's Comment of the Confinement Problem	Saltzer	10/16/75
90	Some Thoughts on Aspects of the Computer Security Problem	Schroeder	10/16/75
91	CSR Task Report: July 1 - Setember 30, 1975	Clark	10/24/75
92	Case Studies of Protection System Failure	Saltzer	10/27/75
93	Encryption-Based Protection Protocols for Interactive User-Computer Communication Over Physically Unsecured Channels	Kent	11/7/75
94	General Purpose Switchable Gate Transfer Vectors	Reed	11/12/75
95	Proposed Thesis in Distributed System	Schroeder	11/14/75
96	The Implementation of ALGOL68C on Multics	Saltzer	12/2/75

No.	Title	Author	Published
97	A Note on the Final Report from SRI	Janson	12/2/75
98	A Certifiable System Initialization Mechanism	Luniewski	12/18/75
99	A Methodology for the Design of Structured Virtual Memory System	Janson	12/19/75
100	Domain Changing Mechanisms for Multics	Montgomery	1/9/76
101	A Case Study in Operating System Design: Reconciling Structure with Efficiency	Hunt	12/20/75
102	Eventcounts: A New Model for Process Synchronization	Kanodia	1/12/76
103	Measurements of USL Multics	Saltzer/Clark	12/1/75
104	Some Observations About the Hewlett-Packard 2640A Display Terminal	Saltzer	1/19/76
105	Modification to the HP2640 Terminal	Goldberg	12/18/75
106	On the Modeling of Paging Algorithms	Saltzer	2/13/76
107	CSR Task Report: October 1 - December 31, 1975	Clark	2/13/76
108	Reflections and Suggestions About Storage Systems Design	Janson	3/1/76
109	The Quota Problem on Multics	Janson	3/15/76
110	Protection Library Contents	Newcomb	4/6/76
111	Protecting User Environments	Goldberg	5/4/76
112	The Duplicate Database Problem	Ellis	5/11/76
113	Signalling for Subsystems	Goldberg	5/18/76
114	CSR Task Report: January 1 - March 31, 1976	Clark	5/19/76
115	Validating the Protection Mechanism of a Computer System	Janson	5/27/76
116	Trip Report: The Berkeley Workshop on Distributed Data Management and Computer Networks, May 25-26, 1976	Forsdick	6/18/76
117	CSR Section of ARPA/ONR Continuation Proposal, DRAFT	Saltzer	7/2/76
118	Annual Report: July, 1975 - June, 1976	Saltzer, et al.	7/12/76
119	IRIA Workshop on Protection and Security in Data Networks	Janson	7/14/76
120	A Two Level Virtual Memory Manager	Mason	8/24/76
121	Problems of Office Automation, or Why We Don't Use Multics for Typing Important Documents	Saltzer	9/8/76
