This note is to confirm that a meeting will be held at 10:00 a.m. on Thursday, May 24, 1973, in room 516, 545 Technology Square, to discuss the results of a recent Air Force study of security and the Multics system. Paul Karger and Steven Lipner, of Mitre, will also plan to attend. Earlier, less technical management briefing sessions are also being scheduled at I.P.C. and Honeywell; you may wish to attend these also, if your schedule permits.

I suggest that we plan to have lunch together afterwards.
