ATTN: Mr. Driban

Dear Mr. Driban:

This is to officially advise you that we would like to specify our on order Adage TL11 telephone line interface as Version P11. This is to be used at 2400 bsi, for USASCII data transmission in a binary synchronous mode.

For your information, this is referenced in our P. O. number GP133182.

Please let me know when delivery is expected.
