

MSS 1.5

Benchmark run of 10/17/68, 1535.9

16K SST  
Multi-programming on  
4 processes

11/1/68  
Saltzer

Total charged execution time  
560 sec.

Seconds of computation changed to four processes

Predicted effect of wiring down  
page tables  
(First order effects only)

Total charged execution time  
336 sec
